

Schoolwires Centricity2 Basics

<http://schools.bibb.k12.ga.us/Page/22982>

Go to the link above to access the Centricity2 Homepage, where you may use the drop-menu at top left to navigate to a school, or access Central Office departments and programs through the channels across the top of the page.

Sign In

- **Sign In** (upper right corner) to Schoolwires with your username and password (usually first initial last name & the password you set for yourself) to see the Site Manager tab.
 - NOTE: Site Managers are no longer required to navigate to their own section on the web before to see the Site Manager tab.
- Click **Site Manager** (upper right) to access your Section Workspace, where you may edit and add to pages.
- Use the View Website button at top of section window to view changes and additions you make to your site.
- If you need to change your username or password click **Access My Info** (upper right)

Your Section Workspace

If you haven't already done so, you might want to rename your **Overview** page....click **Set Options** under the **Actions** drop-menu to the right of the page link, and rename the page something like Welcome, Home, Mr. D's Homepage, etc.

- To add new pages click **New Page** on the upper left side and select the type of page you want to create
- Keep in mind that **File Library**, **Article Library**, and **Link Library** are page types that allow you to store multiple documents or website lists.....you do not need to create a new page for every file you want to attach or every website link you want to publish.

Questions

SchoolWires Centricity2 includes excellent HELP under the "How do I" tab in Site Manager. These are quick answers to common questions.

Quick/Step-By-Step Answers
